ABOUT THE AWARD

With a sense of honor, the college is pleased to introduce an accolade in the realm of chemistry, named in memory of Dr. S.S. Deshpande, a devoted professor and diligent researcher. His remarkable contributions spanned from 1920 onwards to 1975, during which he served the institution wholeheartedly. Dr. Deshpande achieved his Ph.D. under the mentorship of Nobel laureates Dr. Thorpe and Dr. Todd, further demonstrating his commitment to scholarly pursuits. Assuming the role of vice principal in 1935, he expanded the institution's horizons, eventually becoming Principal in 1944. In recognition of his achievements, he was granted a D.Sc. by Vikram University in 1972. The college takes immense pride in its association with such an eminent scholar.

In the inaugural year of the International Year of Chemistry 2011, the first accolade was bestowed upon Dr. T Pradeep from IIT Chennai. Since then it is conferred every year.
